

Skeletal system: label the major bones

Name: _____ Date: _____

Label the numbered major bones and bone groups

Axial: ____ bones Appendicular: ____ bones Total: ____ bones

Use the conventional adult count. Each number identifies a bone or group, not an individual count.

AI-generated illustration; worksheet labels and layout by AcaDraw. Simplified educational overview; not to scale.

Skeletal system worksheet: answer key

- | | |
|---------------------|-------------------------|
| 1. Cranial bones | 12. Carpals |
| 2. Facial bones | 13. Metacarpals |
| 3. Clavicle | 14. Phalanges (fingers) |
| 4. Scapula | 15. Femur |
| 5. Sternum | 16. Patella |
| 6. Ribs | 17. Tibia |
| 7. Vertebral column | 18. Fibula |
| 8. Hip bones | 19. Tarsals |
| 9. Humerus | 20. Metatarsals |
| 10. Ulna | 21. Phalanges (toes) |
| 11. Radius | |

Conventional adult count: 80 axial + 126 appendicular = 206 bones.

Hip bones are appendicular; sacrum and coccyx are axial.

Numbers 14 and 21 distinguish finger phalanges from toe phalanges.

AI-generated bone artwork, with labeling, worksheet and answer key prepared by AcaDraw.

The overview shows major bones and groups; it does not individually resolve every adult bone.
